

## **Carbon Reduction Plan**

**Supplier name:** New Dawn Health and Social Care Ltd

**Publication date:** 08.10.2025

### **Commitment to Net Zero**

New Dawn Health and Social Care Ltd is committed to achieving **Net Zero greenhouse gas emissions by 2050**, in line with UK Government targets and PPN 06/21 requirements.

### **Baseline Emissions (Scopes 1, 2, and 3)**

We will calculate and publish annual emissions data covering:

- **Scope 1:** Direct emissions from owned vehicles, heating systems, and fuel use
- **Scope 2:** Indirect emissions from purchased electricity and energy
- **Scope 3:** Emissions from procurement, staff travel, waste, water, and digital platforms

### **Environmental Management Measures**

We will apply the following measures across all contracts and service sites:

#### **2025–2030: Foundation Phase**

- Conduct carbon audits and publish Scope 1–3 data
- Transition to LED lighting and energy-efficient appliances
- Launch staff induction modules on sustainability
- Establish Green Champions and site-level sustainability leads

#### **2030–2040: Acceleration Phase**

- Retrofit buildings with low-carbon heating (e.g. heat pumps)
- Introduce electric vehicle fleet for outreach and transport
- Digitise care records, reviews, and feedback systems
- Partner with suppliers committed to Net Zero

#### **2040–2050: Integration Phase**

- Achieve Net Zero operations across all supported living sites
- Embed carbon literacy into staff training and governance
- Use real-time dashboards to monitor energy, waste, and travel
- Co-produce annual sustainability reports with individuals and families

### **Governance and Sign-Off**

This plan is signed off by senior leadership and will be reviewed annually. Updates will be published on our website and shared with commissioners and stakeholders.

**Signed:**
